## EXHIBITION GROUNDS FINEST IN THE WEST

CALGARY MAN ANNOUNCES THAT HE WILL TRAIN HIS HORSES ON EDMONTON TRACKS THIS YEAR  
DISCUSSES ANTI-BOOKMAKING LEGISLATION

"I consider that Edmonton is the best horse-breeding district in the West," said Mr. Cummings in conversation with the Capital prior to his return to Calgary. "Last year my headquarters were in Brandon. Later, hearing much about Calgary, I moved to that city, at the close of the racing season. I had Calgary harped into my ears until I came to believe that this was the most desirable location for a horseman. I am far from satisfied with things down there, however, and have now definitely decided to make Edmonton my headquarters."

One of the factors in bringing Mr. Cummings to his decision to locate in Edmonton is the advantage which this city possesses in respect to cheap feed. Another is the higher tone of sportsmanship which he declares prevails in Edmonton compared with the southern city, and the greater pride taken by Edmontonians in the improvement in the quality of their stock. This, he informed the Capital, is to be noted not only among horsemen, but the cattlemen and all who are interested in live stock, apply themselves to the improvement of their live stock, and the enthusiasm is unknown in the south.

Hay is twenty-five per cent cheaper in the Edmonton district than in Calgary, and the greater pride in the quality of their stock, which Northern Alberta possesses as a mixed farming country—the best mixed farming country in Western Canada, makes its future as a horse-breeding district assured.

"I was greatly interested with your exhibition grounds and buildings," said Mr. Cummings. "I have never come across an exhibition plant and park with such facilities as you have here. In the course of a few years time I believe that your grounds will be second to none in Canada. You have gone ahead on the right lines, and you have the right men behind your exhibition grounds."

Mr. Cummings, the owner of "Prince Rupert," winner of the six far-

## ONE THOUSAND MEN WILL BE EMPLOYED

Pembina Coal Company Plans  
Expenditure of \$1,000,000 on  
Development of Property

One thousand men will be put to work by the Pembina Coal Co. at their properties near Estevan, west of Edmonton on the G.T.P., according to information which the Capital has received from Brandon to Vancouver.

The Pembina Coal Co., was floated by the big English syndicate, the Western Canada Land Co., of which Sir Ronald Lane is chairman, and in which Arthur Grenfell, of the Canadian Agencies, and the Duke of Sutherland are interested. They paid \$1,000,000 for large coal properties at Estevan, on the main line of the Grand Trunk Pacific, and have now made \$1,000,000 for development work. The company have already proceeded with the erection of 100 shafts for the mines, and expect to employ 1,000 men in the summer.

Another Mine Starts Work

The Black Diamond Collieries, a Spokane syndicate which also owns large areas at Estevan, will commence shipment of coal this spring. The above mines are on the main lines of both the G.T.P. and C.N.R. The Canadian Northern main line will be completed to Estevan some time during the coming summer, and track will be laid that way, this year.

The above mines, and all others, is a mile east of the old Estevan, is to be opened up shortly by the Grand Trunk Pacific, and the cost is estimated to cost \$500,000 to be erected.

## TELEGRAPH NEWS

Happenings in the World at  
Large Boiled Down for Busy  
Readers

**Taft Is Satisfied.**  
Washington, Feb. 8.—President Taft is satisfied with the progress which is being made for the passage in congress of the reciprocity agreement between the United States and Canada. He says that on the whole, it has been well received by the United States and that there has been much genuine opinion in favor of it than he had expected.

**Among the White House callers today** who discussed reciprocity with the president were Representatives McCall and Washington.

**To Dam Et. Lawrence.**  
Washington, Feb. 8.—The House today defeated the bill introduced by Representative Young, of Montana, for the Grand Trunk Pacific, which would give the Grand Trunk Pacific the right to erect dams in the St. Lawrence river, near Long Point, Ontario, and Lake Ontario, and to utilize the water power of that stream.

**It was asserted in debate that the** bill has at least 100 votes in support of the bill and proposed to make an investment of \$400,000,000.

**Chamberlain's Motion.**  
London, Feb. 8.—Notice was given today in the House of Commons of an official opposition amendment to the bill for the Grand Trunk Pacific, which would give the Grand Trunk Pacific the right to erect dams in the St. Lawrence river, near Long Point, Ontario, and Lake Ontario, and to utilize the water power of that stream.

## WOULD PURCHASE WATERWAYS TIMBER

Parties, Supposed to Be Representing Canadian Northern, Make Offer for 7-inch Ties

An offer to purchase several thousand of the ties of the Great Waterways railway, offered for auction yesterday at the land office, but for which there were no bidders, has been made today to the Canadian Northern land agency by persons supposed to represent the Canadian Northern railway.

The offer was contained in a private bid made today, and was for the amount of the dues unpaid on the ties. The Canadian Northern have signified their willingness to accept a certain portion of the ties, and it is probable that a deal will be concluded.

Only a portion of the ties on the line furnished to the railway company, owing to the fact that the C. N. R. will accept more 7-inch ties, and some of the waterways ties are 7-inch. There are a large number of the ties, however, that are 7-inch, and it is probable that all these will be purchased.

The ties, if purchased, will be utilized on the Alouette River, up to Lake Louise, 47 miles west of the summit of the Rocky Mountains. The cost of the ties, which would require from 3000 to 4000 men. Many hundred carloads of provisions must be shipped west to provide for the laborers who are engaged in the work which they will do in the mountains this year.

## CONTRACTORS PREPARE FOR SEASON'S WORK

SUPPLIES AND MATERIAL NOW BEING SHIPPED WEST  
AT THE RATE OF THIRTY CARS PER DAY—  
QUANTITY OF EXPLOSIVES NEEDED

The outfitting of the construction camps of the contractors on a transcontinental railway, with the necessary supplies and construction material for the season's work, is the biggest feature of the opening of construction.

Just at present in Edmonton, the outfitting of the railway contracting camps of the Grand Trunk Pacific main line, for which Foley, Welsh and Stewart is one of the contractors, is the biggest business in the country. At the opening of a season's work, they have to provide for the keep of a whole army of men.

In 1911, Foley, Welsh and Stewart are going forward to complete the H.G. P. line on the Alouette River, up to Lake Louise, 47 miles west of the summit of the Rocky Mountains. The cost of the ties, which would require from 3000 to 4000 men. Many hundred carloads of provisions must be shipped west to provide for the laborers who are engaged in the work which they will do in the mountains this year.

## LOCATE LINE TO THE PEACE THIS YEAR

Probable That Portion of Grade  
Will Be Completed Before  
Snow Flies

The Canadian Northern railway will complete the location of a line to the Peace River country this summer. Following the announcement of this in the Capital over a week ago, A. Meigher, C. N. R. engineer, who has charge of the grade which is located on the line, told the Capital this morning that he hoped to have a line surveyed through to the Peace River by the end of the summer.

Mr. Meigher reached the city last night, bringing in his first party of men. He is the youngest of the survey party, and who dropped dead on the trail up the Athabasca river. Mr. Meigher made the trip of 125 miles to Wabamun, where he took the G.T.P. and then proceeded to the Peace River, a sleigh and being compelled to cut a trail good for his way.

Mr. Meigher left the city in January with his party and will be engaged during the spring and summer in locating the route that is to be followed by the Canadian Northern when that company builds its road to the Peace River. Several preliminary surveys in the direction of the Peace River have been made previously by the railway company, but a satisfactory route has never yet been located, that will be Mr. Meigher's work during the coming summer.

The Peace River line leaves the main line west of Edmonton, at the junction of the Peace River, and crosses the Athabasca near the junction of the McLeod and Athabasca rivers at Whittow. The location of the line has been completed fifteen miles beyond that point.

## MANY NEW FACES IN U. S. SENATE

Personnel of Upper House Will  
Be Considerably Changed  
After March Fourth

Washington, D.C., Feb. 8.—The personnel of the United States senate is to be largely changed as a result of the elections that have taken place in the legislatures of numerous States in the last few weeks. The change of choice has now been made in practically all of the States, thus making it possible to draw a line-up of the members of the senate for the year which will stand after the adjournment of the present session.

The thirty-two senators whose terms will expire March 4 are: Aldrich of Rhode Island, Beveridge of Indiana, Bradley of Connecticut, Burton of Nebraska, Burrows of Michigan, Clark of Montana, Clapp of Minnesota, Clark of Wyoming, Culberson of Texas, Dwyer of New York, Dick of Ohio, Du Pont of Delaware, Flint of California, Frazier of Tennessee, Hale of Maine, Kahn of New Jersey, La Follette of Wisconsin, Lodge of Massachusetts, McComb of North Dakota, Mitchell of North Dakota, Nevada, Oliver of Pennsylvania, Page of Vermont, Piles of Washington, Rayner of Maryland, Scott of West Virginia, Stewart of New York, Tamm of Virginia, Telford of Florida, and Warner of Missouri.

Senator Aldrich of Rhode Island, who declined to be a candidate for reelection, is succeeded by Henry F. J. Lippitt, a millionaire coal millionaire, the son of a coal mine owner, and public office, though his family has furnished two governors of Rhode Island.

Senator Beveridge of Indiana gives way to a Democrat, John W. Kern, who is a local politician, and a member of the Indiana legislature.

Senator Bradley of Connecticut was a candidate for reelection, but was defeated.

## POSTAL TELEGRAPH COMPANY ALLEGES DISCRIMINATION

CLAIMS UNION TELEGRAPH COMPANY CHARGES FOR  
WORDS NOT COUNTED IN MESSAGE WHEN RECEIVED—CASE CONSIDERED BY N. Y. COMMISSION

New York, February 7.—The Postal Telegraph-Cable company charged an unreasonable and discriminatory methods on the part of the Western Union Telegraph company at the hearing granted to the two companies by the U.S. public service commission, which was held yesterday.

The principal claim of the Postal Telegraph-Cable company is that the Western Union Telegraph company is discriminating against it by charging a higher rate for messages transferred to the Postal Telegraph-Cable company than for messages transferred to the Western Union Telegraph company.

The Postal Telegraph-Cable company also claims that the Western Union Telegraph company is discriminating against it by charging a higher rate for messages transferred to the Postal Telegraph-Cable company than for messages transferred to the Western Union Telegraph company.

## MANY EVENTS ARE PLANNED FOR 1911

Exhibition Association Will Try  
to Have "Something Doing"  
Every Month

April—Spring Stock Show.  
May—Spring Race Meeting.  
June—Annual Exhibition and Race Meet.  
December—Hot Stock Show.

"The quickest way to make your city a big center, is to have something doing every month." That is the advice of the Edmonton exhibition association, which is planning for the coming year, on its return from the city of London, where it has been engaged in a big campaign to bring the people from the country round, and that will be the first of the Edmonton exhibition association in future, when they will endeavor as far as possible, to put on some event under such auspices as will bring the people to the city.

The programme published above, will show how far they have succeeded in their efforts, to provide an event for nearly every month of 1911. So far as the association can accomplish it, they will endeavor to make Edmonton the center of all events for the coming year, and in future years. They will endeavor to have "something doing" every month of the year.

The hospital at the beginning of the year was a big success and brought a lot of people to the city. The exhibition association will start off with their first spring stock show, which is expected to bring stock men from all over the province. The stock show on April 26 and 27, will be a great attraction for the agricultural people of the province.

## TRAGIC FATE OF AN EDMONTON MAN

Sherman Spence, Member of Survey Party, Drops Dead on the Athabasca Trail

Found dead on the Athabasca river, by a Canadian Northern railway survey party, of which he was a member, and which was located on the Peace River, the body of Sherman Spence, a well-known Edmonton printer, was brought into the city yesterday by A. L. Meigher, a C.N.R. engineer.

Spence had dropped dead while hunting his way up the trail on the Athabasca, some distance behind the main party. He had preferred to walk while the other members of the party rode.

When he did not turn up in camp at dark, search parties were sent out, but he was not found until the body was found. Spence had evidently died suddenly, and he was warmly dressed, and the body was found in a fat stock shed, probably in December.

Spence was 37 years old. Before his death he had been engaged in the mechanical departments of the Capital Journal and Bulletin. His father, John Spence, was a well-known surveyor, and he had been engaged in the surveying business for many years.

- EVENTS TONIGHT.**
- Mechanics Hall—Smoker, under auspices of the Trades and Labor council.
  - Mechanics Hall—Regular meeting of the Irish association.
  - Empire Theatre—Cortney-Morgan Company in "Woman of Mystery."
  - Lycium Theatre—Sherman's Musical Comedy company in "The Merry Widow."
  - Nijou Theatre—First street and McLeod avenue, Moving Pictures.
  - Hockey—Merchants vs. league tonight at Keesler Hall. Hudsons vs. C.N.R. Ross Bros. vs. Morris.
  - Bowling—Olympic League, vs. International at 8 p.m.
  - Carling—Blatney at the Capital City and Granite Halls.
  - Indoor Soccer—A meeting will be held at the Y.M.C.A. this evening from 8 to 10 p.m.

## PARTY FROM MICHIGAN COMING THIS SPRING

Hit Chief Publicity Commission—  
or Hotchkins over an hour this morning to open his mail. That gives some idea of the enormous number of enquiries that are pouring in upon him from day to day, in respect to land and opportunities for the settler in Alberta.

## WANT STREET CARS

A resident of North Ingleside has petitioned the commissioners for the extension of the street railway tracks during the coming summer, from Albany avenue to Alberta avenue, along the main line of the street, a distance of eight blocks.

## FOUND IN HOLLOW STUMP

Vancouver, Feb. 8.—Sitting in a hollow stump with his shoes beside him, an elderly man was discovered by the police today in a hollow stump in the heart of Vancouver, just across the Hastings townsite line, in the last stages of collapse and weakness.

## GRAIN BILL INTRODUCED.

Ottawa, Feb. 8.—In the senate this afternoon, Sir Richard Cartwright introduced a bill respecting grain, which he stated is designed to deal with transportation, storage and inspection of grain.

## PEACE CHURCH UNION.

Toronto, Feb. 8.—The presbytery of Toronto acted yesterday with the question of church union at the meeting this morning, after a vigorous discussion and by a vote of 25 to 21 in favor of the basis of union as accepted by the general assembly.

## COMPANY WILL DEVELOP OIL CLAIMS THIS YEAR

Machinery Formerly used at McMurray Has Been Leased and Work Begins in Spring

Development of oil claims which, together with asphalt claims, they hold on the Athabasca river, between Fort McMurray and Fort MacKay, will be undertaken this year by the Fort MacKay Oil and Asphalt company, an organization recently incorporated with J. H. Gariepy as president; Alfred Violette as manager and N. McMillan as secretary.

The company owns 100 acres of asphalt claims on the Athabasca river, between Fort McMurray and Fort MacKay, and several thousand acres of oil claims farther down the river. They have leased the machinery formerly operated at Fort McMurray by the Athabasca Development company, and have moved the machinery to their oil claims, where they will commence boring operations early in the spring.

## JASPER REALTY BRINGS HIGH PRICE

Property Which Brought \$360 Per Foot Four Years Ago Sells for \$1,000

Four years ago, a lady who resides in far away India, came to Edmonton and purchased 50 feet of Jasper east property for about \$18,000.

"This property is now known as the 'Blue Spence' property, immediately west of the Blowey-Henry block. Yesterday it was sold by Mr. Blowey, of the Blowey-Henry firm to the Edmonton Wine and Spirit Company, for \$1000 per foot, or \$50,000. Within four years the property had jumped in value from \$360 per foot to \$1000 per foot.

Over a week ago Mr. Blowey purchased the property from the agents of the lady in India. Yesterday he was successful in transferring it again.

The Edmonton Wine and Spirit Company were the purchasers of the property. Their intention is to sell the property in two or three large business blocks. They will not touch the property at present, save to erect a warehouse on the rear of the property, to accommodate some of the overflow stock from their already crowded premises.

## SEATTLE MAYOR OUSTED

Seattle, Wash., Feb. 8.—Hiram G. Bell, elected mayor of Seattle a year ago, was ousted from office by the voters participating in a recall election yesterday and today. Dr. W. D. Dilling, the public welfare league candidate was chosen by a plurality of 6,000 votes to serve as mayor. Dilling, who was elected the term for which Mayor Bell was elected.

## MONTANANS FAVOR THE INTERNATIONAL

Realize That Game Will be on Paying Basis Within a Few Years—Conference Tonight in Winnipeg Will Decide in Which Edmonton Will Figure

Confident that Edmonton, Calgary and Lethbridge in Alberta, and Great Falls, Helena and Butte in Montana would be the ideal circuit for this section, baseball leaders in the south have their work cut out for them. The fact that there was still a chance for the Union Association to go through, now they are casting fishing lines in this direction and would not only be willing to have a league such as proposed for the International but are extremely anxious that a conference be brought about in the immediate future.

**Held Conference in Winnipeg**—Despite the efforts of the baseball leaders in Montana, the prospects are anything but bright for the thing to be carried out and the odds are all in favor of Edmonton. The feeling here is that if the thing is to be done in a four club league for the season of 1911. Carrying with him the proxy of the Edmonton team, Sam Savage, of Calgary, is en route to Winnipeg. Upon his arrival there tonight, a meeting with representatives of Winnipeg and Brandon will be held and at this conference will be definitely decided the fate of this city in a baseball way.

With the chances favoring this four club league, the plans being favorably looked upon by Frank Gray and Sam Savage, all International League does will be sent flustering and nowhere will this result be received with greater regard than at Great Falls and Helena.

The Montana-Alberta project has been one which Helena and Great Falls fans dearly hoped would go through. All that would have been needed at this time to start the ball rolling on the hill of success would have been a meeting of the leaders of the six cities. True, the Union Association has already gobbled up the three Montana cities and they have been a way to bring about a meeting that would have caused McCloskey in Butte, and Reed in Great Falls to see the light. They would have willingly broken away from Lucas and joined the International. Thiel in Salt Lake, would then have cast his lot with Boise, and Twin Falls in Idaho and Ogden, Utah, and maintained a four club league.

**Railroad Expense Heavy**—Lucas well knows that the Union Association will surely prove a fizzle and that it will not last out the season should it ever start. The circuit is one which is referred to by baseball men as a "railroad proposition." The backers put up the cash in year and year out, the teams are trotted to an indifferent caliber of ball, and when the smoke of battle has cleared, it is found that the only winner as a result of the organization of the league is the railroad. The cities which Lucas took into the Union are not sufficiently populated to warrant the long trips. The International circuit, on the other hand, would be an ideal one because the heavy expense of travel would be offset by the heavier drawing powers of the six cities. From Edmonton to Butte, a team would have to travel in which to play and not one would require a side trip to be reached. A team would be required to play two series in each of the five cities and but two trips away from home would hold down the expense acceptably.

This baseball in this section is fast getting on the verge of the light of a cold, hard business proposition is shown by the fact that such men as Mike Finn, formerly manager of the Little Rock, Arkansas, team in the Southern League, and "Scrappy" Bill Joyce, who at one time was of the best of affairs with the New York Giants, are anxious to come out here and take hold of franchises. Mike Finn has been holding out for Ogden, Utah, with prospects of getting into the Union Association and has declared that he stands ready to invest his money. Should the International come through, he would be willing to invest four figures for dollar in any of the proposed six cities. Reed in Great Falls has not yet organized his company, but to the writer he recently stated that he would like to see 50 per cent of the stock in a corporation capitalized at \$4500. The feeling among these baseball men seems to be that the game out there within a few years will be self-supporting and that there will be no further necessity of calling upon good sportsmen and public-spirited citizens to annually make good a deficit of several thousand dollars. They have heard the talk on all sides in Montana to the effect that Alberta is a province in a winter and that Edmonton and Calgary and Lethbridge are enclaves in a desert and growing wonderfully. They want to get out here not because of sentiment for Alberta but for dollars and cents. They want to get out of the cold of the city and into the sun of the baseball magnates within the next few years.

**Could Call Meeting**—Should the four-club league of Edmonton, Calgary, Brandon and Winnipeg fall through, but little effort would be required to start the ball rolling on the hill of success would have been a meeting of the leaders of the six cities. True, the Union Association has already gobbled up the three Montana cities and they have been a way to bring about a meeting that would have caused McCloskey in Butte, and Reed in Great Falls to see the light. They would have willingly broken away from Lucas and joined the International. Thiel in Salt Lake, would then have cast his lot with Boise, and Twin Falls in Idaho and Ogden, Utah, and maintained a four club league.

Edmonton is certain to have baseball and as to whether it will be with the International or the proposed four-club league depends upon the conference that will take place tonight in Winnipeg.

If Jake Stahl fails to report this spring, the Boston Red Sox may try out this Speckler at first base. A Christy Mathewson, who is appearing in vaudeville, says he appears to become a sure-thing regular kind of an actor some day.

President Murphy says that a Club failing to report to start with the team Feb. 26, will have to pay his own travelling expenses.

If Hunter can make good at first base the Pirates will be able to show a great deal more class than they did last year.

Report from Washington has it that Manager McKeel will shift "Wild" Curry from first base to the outfield beginning with the coming season.

J. B. Berriman, residence unknown, shot himself in a room of the Windsor Hotel, Niagara Falls. He was apparently a lately arrived Englishman of about 43 years of age, of fair complexion and was well dressed.

## DEACONS TRIM CASTOR—6 TO 1

Game Was One of the Best Seen in Edmonton This Year

Playing in championship style last night, the Deacons defeated the much touted Castor team by a score of six to one. The game was as decisive as the score indicates, the local septet having the better of the play right from the start and after the half-way interval played the southern aggregation off their feet. With the exception of the last twenty minutes of the first half the game was decidedly the fastest that has been seen in Edmonton this year.

**Little Combination**—Until the last twelve minutes neither team showed any signs of combination, then the Deacons got busy and made a run through by the commissive method. One of them was scored on as pretty a bit of play as has ever been witnessed off on western ice. Gordon, Bamford and Dea being the participants; Bamford scoring on a close wing shot.

**The Stars**—Gouveau playing center for Castor was the best man on the visitor's line, the Deacons' best player was Macgrath who was fairly good at rover.

For the Deacons Dea and McGinnis played the best game. Gordon Bamford put up a much better game than he usually does showing both speed and skill. The following is the detailed programme and the conditions under which the show is being held:

**Directors in Charge.**  
Light Horse—Ed. Auld.  
General Purpose—J. J. Munson.  
Heavy Horses—D. C. Robertson.

**Entry Fees.**  
Stallion, 2 years old or over—\$200.  
Stallion, under two years—\$100.

**General Regulations.**  
1. Horsesmen are especially urged to enter their entries at as early a date as possible.

2. All animals competing for prizes shall be entered in the names of their owners or their duly authorized agents. Should doubt arise, the directors may require affidavits of ownership from the exhibitor.

3. No horse will be allowed to enter a competition in more than one class, except for the best horse of any age in his class.

4. No horse shall be allowed to enter a competition in more than one class, except for the best horse of any age in his class.

5. All horses competing shall be brought out for the inspection of judges, or for exhibition, whenever called out.

**Light Horses.**

**ATHLETICS ARE NOW CHAMPION**

Climb to Top of First Division in Olympic League—Had Six Pin Margin

By the slight margin of six pins and 242 one of the most exciting bowling matches witnessed here this winter, the Athletics last night annexed the championship of the first division of the Olympic bowling league from the Capitals, the final team scores being 881 to 875.

The strongest team of the evening and it was this total of 204 which brought the Athletics the coveted title of supremacy. Miller and Gardner were in excellent trim and shone for the vanquished, the former annexing 202 and

the latter 202. The individual scores were:

**Team average—176.**  
Gifford ..... 161  
Gardner ..... 202  
Stark ..... 158  
Chapman ..... 141  
Miller ..... 202

**Team average—175.**  
Gifford ..... 161  
Gardner ..... 202  
Stark ..... 158  
Chapman ..... 141  
Miller ..... 202

Establish New Record.

## SPRING STOCK SHOW TO BE BIG AFFAIR

Full Program and Conditions of First Spring Stock Sale and Show of Edmonton Exhibition Association, April 26 and 27

On April 26th and 27th next, the Alberta Provincial Stock Breeders' Association, affiliated with the Edmonton exhibition association, will hold its first spring stock show, stallion show and bull sale.

A total of \$1500 in prizes is being offered, a greater sum than has yet been offered in any stock show ever held in Alberta. Indications are that this attempt will be successful. The exhibition association, and the Alberta provincial stock breeders' association, will meet with unqualified success.

**Programme.**  
The first day of the show will be taken up with the judging of bulls, stallions, in the morning, and the sale of bulls at 2 p.m. in the afternoon. The second day will be taken up with the animal sale of bulls in the morning, and the sale of the stallions in the afternoon.

Stallion show entries close March 31st; bull show entries close March 31st. The following is the detailed programme and the conditions under which the show is being held:

**Directors in Charge.**  
Light Horse—Ed. Auld.  
General Purpose—J. J. Munson.  
Heavy Horses—D. C. Robertson.

**Entry Fees.**  
Stallion, 2 years old or over—\$200.  
Stallion, under two years—\$100.

**General Regulations.**  
1. Horsesmen are especially urged to enter their entries at as early a date as possible.

2. All animals competing for prizes shall be entered in the names of their owners or their duly authorized agents. Should doubt arise, the directors may require affidavits of ownership from the exhibitor.

3. No horse will be allowed to enter a competition in more than one class, except for the best horse of any age in his class.

4. No horse shall be allowed to enter a competition in more than one class, except for the best horse of any age in his class.

5. All horses competing shall be brought out for the inspection of judges, or for exhibition, whenever called out.

**ATHLETICS ARE NOW CHAMPION**

Climb to Top of First Division in Olympic League—Had Six Pin Margin

By the slight margin of six pins and 242 one of the most exciting bowling matches witnessed here this winter, the Athletics last night annexed the championship of the first division of the Olympic bowling league from the Capitals, the final team scores being 881 to 875.

The strongest team of the evening and it was this total of 204 which brought the Athletics the coveted title of supremacy. Miller and Gardner were in excellent trim and shone for the vanquished, the former annexing 202 and

the latter 202. The individual scores were:

## WILL ENTERTAIN HOCKEY PLAYERS

After the double header on Thursday night which brings the Edmonton division of the Provincial Hockey team to an end and in which the Deacons play the Bankers, the Deacons' hockey team will be entertained by Mrs. White at a banquet which will be given in honor of their winning the championship.

All the players who have figured on the team during the season as well as the officers of the club are being invited, and they may be assured that the reputation of Mrs. White as a hospitable and kindly hostess will be fully sustained by the feast and entertainment which are going to mark the conclusion of the season.

A general readjustment of seat prices in the United States is likely to take place during the latter part of March.

# THINK THIS OVER

FIVE years ago Edmonton was a city of less than 10,000 people. The total assessed valuation was less than \$10,000,000. Lots on 1st St. in Norwood which are now selling for \$1200 to \$2000 were then offered for \$120 per lot, \$10 down and \$10 per month. We sold those lots and we advised our clients to buy. Because we knew the city was going to grow and that they could not fail to make money. Everyone who took our advice realized handsome profits.

Note what happened in the other subdivisions. Lots on Alberta Avenue in Delton which were then selling for \$125 are now bringing from \$600 to \$800 and are in great demand at that. Lots in Santa Rosa which were originally offered at \$120 have since been sold for \$300 to \$800. Lots in Dwyer, Eastwood, New Delton and Mount Lawn have trebled in value in less than five years. Lots in the Belvedere subdivision, which we sold less than a year ago, have already shown an appreciation of 50 per cent. and in some cases 100 per cent. We advised our clients to buy Belvedere and all who followed our advice made money.

We Advise You Now  
To Buy

## Alberta Park Acreage

Why? Because Alberta Park is high class acreage within one mile of the city limits, offered at a price which positively guarantees a large profit in a comparatively short time. This property will be needed in a very short time for residential purposes. The five-acre blocks are laid out in a manner to make subdivision easy. The city is growing in that direction. Alberta Park is two miles closer to the city than Belvedere, which is selling for five or six times the price, and is worth it. No other property as advantageously located can be had for anything like the same price.

Five Acre Blocks

#### Management of Sale.

1. The management will be under the control of the Executive Committee of the Alberta Provincial Cattle Breeders' Association, Limited, of Edmonton.

2. A charge of 2 per cent., or a minimum of \$1.50, on the amount realized by the sale of each animal will be retained by the Association, in addition to the entry fee, to meet advertising, exhibition and other expenses incurred by the show.

3. Stock must be in the stalls not later than 9.30 a.m., the first day of the show.

4. There shall be no by-bidding by the owner of any animal or any person authorized by him, and a statement of declaration may be required from any buyer or seller to the effect that any purchase or sale is bona fide.

5. The privilege and powers of withdrawing an animal from the sale at any time shall rest solely with the Executive Committee and shall be exercised by its duly appointed representative in the sale ring if in his judgment the sale of the animal in question at the price offered would inflict too great a hardship on the seller.

6. The Executive Committee shall have power to cancel the sale of any animal before delivery, provided such course is in its opinion fair and just to both buyer and seller, each of whom shall be heard before the decision is given if they so desire.

7. Animals will be delivered to the various buyers on the grounds who will take charge of them immediately after the close of the sale.

8. If any dispute arises between two or more bidders it shall be settled by the animal being again put up and re-sold. The decision of the auctioneer shall be final in all cases.

9. All purchases whether sold on cash or credit terms must be settled for within one-half hour of the sale of the animal, otherwise the Executive Committee reserves the right to re-sell the animal to the best advantage either publicly or privately, and the defaulter shall be liable for any loss sustained and keep of animal or any other expenses.

10. Immediately after each purchase the risk of the animal shall be exclusively with the purchaser.

11. The Secretary will have power to give receipt in full for all payments on stock, and will remit the amount realized less the proper charges for each animal to the seller thereof within 21 days after the date of the sale.

#### Credit Terms.

12. Provided that satisfactory arrangements are made between buyer and seller purchasers of animals will be allowed to settle for them in cash or by approved notes. The Association will not be responsible in any way for the failure of the buyer to pay.

13. Any animal whilst on the premises of the Edmonton Exhibition Association, Ltd., whether on such premises for exhibition, or for any other purpose, shall be on such premises entirely at the risk of the owner thereof, and the Association will not be liable for damages which may be claimed by reason of any accident or injury to such animal or in any other way whatsoever.

14. Every animal entered or offered for sale must be in sound health, free from physical defects and shall be registered in the Canadian National Records, if there is a Canadian National Record of the breed; if not, the animal must be recorded in a record recognized as reliable by the Dominion Department of Agriculture.

15. Animals entered must have been proven to be reliable breeders if they have been tried; if not, the seller assumes no responsibility, but affirms that he has no reason to doubt that any animal entered by him is a sure and reliable breeder.

16. Each animal must be the property of a member of the Association who is a bona fide resident of Alberta, and bona fide cattle breeders in Alberta only are eligible for membership in this Association.

17. No animal shall be accepted for entry which has not been in the Province of Alberta for at least one year.

18. All animals should be registered when entered, and the pedigree and form of the animal must be accompanied by transfer left blank, must accompany the application for entry. Blank forms of transfer may be obtained on application to the Secretary.

19. Animals not properly entered will not be allowed on the ground.

20. Cattle must be halter broken and each animal supplied with a good halter. Where this is not done, the Superintendent will buy a suitable halter and collect the cost from the owner of the animal. All bulls must be rung before being admitted to the grounds.

21. All stock must appear in the Grand Stock Parade, which takes place at 3 p.m. on April 26th and 27th, 1911. Bulls must be taken place on April 26th; Parade of Stallions on April 27th.

22. An entry fee of \$200 for each animal must accompany the application.

23. Entries received after the closing date may be accepted upon payment of double fees if they are in time for the publication of the catalogue.

24. Members having female cattle for sale may list the same and if possible they will be included in the catalogue to facilitate their sale.

25. The Executive Committee will have entire charge of all animals on the grounds, stable accommodation and routine, and their instructions given through their Superintendent must be implicitly obeyed by the owners and all attendants.

26. Bulls will be sold by S. W. Paisley, Lacombe.

For further information apply to A. G. Harrison, Secretary, Box 216, Edmonton, Alberta.

#### Transportation of Cattle.

27. The Association undertakes to provide transportation for cattle entered for the sale from the seller's nearest railway station in Alberta to the point of sale. An additional dollar per head will be charged on all animals shipped from any point over 20 miles distant by rail from the point of sale. Contributors will be notified in due time by the Secretary when to ship. The Association reserves the right to order animals to be delivered at a more convenient station than the nearest to the owner, where not more than two animals are entered to start from any station.

28. Sellers will be required to supply all necessary hay and grain for animals until and including the day of the sale. Any contributor found guilty of neglecting to attend to an animal entered by him as herein provided may be excluded from participating in future sales held by this Association.

### COUNCIL APPROVES HIGHER SALARIES

Solicitor Will in Future Devote Entire Time to Civic Work Estimates Considered

Substantial increases in the salaries of a number of Edmonton's principal civic officials were granted by the council last evening after a brief discussion in committee of the whole. The increases in every case date from January 1.

The mayor's salary, which has been fixed for the past two years at \$2400 a year, is increased to \$2600 payable monthly. That of Commissioner Bechard, which was increased last year to \$2200, is now still further increased to \$3000 a year. Solicitor Brown will receive \$250 a month, and be employed in an office in the city hall. He will be required to devote his whole time to the city's legal business and to undertake all city prosecutions in the police court. A stenographer will be engaged in the solicitor's office.

Assessor McMillan's salary is increased from \$2400 to \$2500; Secretary-Treasurer Crosskill's from \$1800 to \$2000 a year.

Ald. Hyndman's suggestion that the city solicitor's office was placed upon its new basis. Ald. Hyndman declared that the duties of the solicitor should be adequately filled unless the whole time of the solicitor be devoted to the city. It is essential that the solicitor should be able to call in the solicitor's assistance at any time should they desire his aid in connection with any legal phase of the city's business. In Winnipeg, Ald. Hyndman declared, the solicitor received \$6000 a year, in Edmonton \$2000 a year.

Hitherto Mr. Brown has been receiving \$2100 a year, and has not been under the necessity of devoting his whole time to the city's affairs.

Street railway estimates for the coming year were considered in detail by the council and finally passed. The total capital expenditure is estimated to be \$108,302.40.

A franchise for the supply of artificial gas was sought by the General Construction Co. of New York. The matter was referred to the special committee appointed to meet the representatives of the International Heating and Lighting Co.

A. G. Harrison of the exhibition commission asked for two circus licenses be granted for a period of a couple of weeks preceding fair week and during fair week. The latter was laid on the table as he taken up when amendments to the license bylaw are under consideration.

Accounts totaling \$9,672.42 were passed on recommendation of the finance committee.

Before city agrees to purchase property from the Hudson Bay Co. for armory purposes, the opinion of Solicitor Brown as to the legality of a purchase of this property must be obtained. This course was decided upon on advice of the city auditor.

#### Finance Committee Report.

The finance committee's recommendation that a commission of three, two of whom shall be appointed by justice of the supreme court, the third being the chairman of the finance committee, act as an advisory body in respect of investment of sinking funds, was adopted.

The industrial committee reported on a number of applications for concessions from industrial concerns.

Regarding the application of the Edmonton Council to the city of Edmonton for the purchase of a portion of the old exhibition grounds for industrial purposes, recommended that no part of the grounds be disposed of for the purpose of manufacturing purposes until a definite policy dealing with this property be laid down by the council.

A particular block of land asked for by this property may be required for park use, the committee considered, and if the property purchased by the city for industrial sites will suit this company's purposes, arrangements will be given the opportunity of acquiring it.

The Whitworth Biscuit and Confectionery company will be formed by the city to purchase three lots in Bechmont on lease for three or five years, with option to purchase after that time and operate for at least two years. The property is located on the west side of Kinnaird street south of the C. N. tracks.

An offer of \$15,000 for the property owned by Alberta College immediately south of College avenue and north of the McDougall grade will be made by the council. The committee in advising that this price be paid, state that the broken banks at that point will be useless for park purposes until a large sum of money has been spent upon it. Owing to the nature of the land lying between the McDougall grade and the C. N. R. tracks, this portion of the Alberta college property is regarded as quite unsuitable for park purposes and no portion of it will be acceptable to the council.

A request for information N. L. McDonald of St. John, N.B., who proposes to establish a nail works in Edmonton, will be taken up by the committee with the writer of the letter.

# GRANT TO BOARD OF TRADE IS DELAYED

COUNCIL REFERS PETITION TO FINANCE COMMITTEE FOR A REPORT—RATEPAYERS ASSOCIATION SUBMITS RESOLUTIONS ON SANITATION

Strathcona, Feb. 8.—The council last night played to an unusually full gallery and in the course of the session many an inharmonious note was struck on the civic lute. The discord amongst the members was occasioned by a request from the board of trade made both by letter and deputation that the council grant the sum of \$300 to the board for publicity purposes in the current year. While there was no tangible opposition amongst any of the aldermen to the granting of this sum of money, all the newly elected members supported the view that the matter should be referred to the finance committee for a report on or before the 28th of the present month, it being understood that the chairman of that committee, Alderman Pollard will be back in the city before that time. The matter was disposed of in this fashion to the disappointment of the board of trade members present.

Asked Grant of \$300.

Secretary Baines' letter, asking for the \$300 grant, included some explanations as to the nature of the work already accomplished and what is outlined for the year 1911. When deputations were heard President Douglas of the board stated that after going carefully into the planning of a publicity campaign it was found by the executive that \$300 was the least sum on which the outlined work could be carried out. He traced in brief the growth of the board which now makes necessary larger expenditures, and with the growth of the city the publicity work demands more money to carry it along. He was certain that last year the board got excellent returns from the advertising in various forms and with the \$300 this year it was proposed to enlarge considerably.

and any motion that the grant be made.

### An Adjunct of Council.

Alderman Tipton's was the speech of the evening, he speaking at length and with great sincerity in favor of the grant. He was sorry to hear of the stand taken by the Ratepayers' association, and felt that if those men had gone fully into the question they would realize their mistake. The grant should not be turned down, "a board of trade," he declared, "is merely an adjunct to the city council, both work to extend the common weal of the municipality. But they must have money to work with. It is not the purpose of the board to raise money; they are supposed merely to spend it wisely and well." He felt that this has been done for the past three years.

The judge grew very eloquent on the subject and in strong terms urged upon the council the necessity of taking advantage of the present moneyed opportunities to advertise the city to the best of moral and financial ability. He moved that the grant be made as requested. Alderman Richards seconded.

### Mayor's Vote Deciding.

Upon returning to regular order Alderman Rankin said he thought the question of a grant should be referred to the finance committee and he seconded Ald. Vogel's amendment that the matter be thus referred, the committee to bring in a report by February 28th. The vote on the amendment stood for, Ald. Rankin, Vogel and Loughlin, against, Alderman Tipton, Richards, Calder. Alderman Radford voted hesitatingly against the amendment but his Worship failed to see it. The motion stood the same on a vote. Alderman Radford this time declining to register. Mayor Davies cast the deciding vote against the motion.

Another slight stumbling block in the correspondence was a letter from the Ratepayers' association inquiring that organization dealing with sanitation and the water rates. Information was also sent that the association recommended that a grant be withheld from the board of trade until a committee from the association met the board of trade for further information.

### Opposed to Dictation.

"Shall we refer this to the finance committee, for a report in two weeks," Alderman Rankin queried Alderman Calder. Rankin moved that he be sent to that committee, Calder moving in amendment that the letter be filed. Alderman Richards rose to state that he objected to the actions of the Ratepayers' association. He was elected from his ward to see that the city's business was properly conducted and take a share in the administration and he did not propose to have his business sent up to council to be decided ready to swallow by a handful of men representing a Ratepayers' association. There was nothing new in the resolutions, all had been thrashed out in council and the board of health. It

his supporters by whom he was elected would petition him, with the election majority, to refrain from taking this stand he would step down and out. But in the meantime he would resist such interference from a few men.

Alderman Rankin replied rather warmly that the wishes of the association were entered to consideration. It included no doubt men who are heavy taxpayers in the city. He saw no reason for creating trouble over the matter. In the end the sanitation resolution was turned over to the board of health, the water rate resolution to the water and sewer committee and the objection to the board of trade grant to the finance committee.

### Want Location Indemnities.

Another deputation heard last night was Mr. Whitworth of Edmonton representing a company of north side business men who have capitalized a scheme for the manufacture of biscuits and confectionery. Mr. Whitworth explained that \$60000 is expected to be paid up stock. This firm requires a suitable site in the Twentieth and would like an offer from the Strathcona council. It was arranged that Mr. Whitworth should meet the industrial committee Wednesday forenoon and look over sites. The "Financial Post" wrote soliciting business, from the publishing of the city's financial report. Filed.

Union of Canadian Municipalities requested payment of current year's dues, amounting to \$12. To finance committee.

Carl Muller wrote asking for position of caretaker at nuisance grounds. Mayor explained that a caretaker is already in charge.

The town of Red Deer requested exchange of auditor's reports.

### Many Want Walks and Boulevards.

With only one week more in which to petition council for the improvements this year the requests for cement walks and boulevards. Four of these petitions were on hand last night from west end residents and were referred to the public works committee.

### A Transfer Monopoly.

Alderman Tipton said it had been brought to his notice that transfer men of the city cannot solicit, or attend to matters in connection with their business, on the C.P.R. station platform. He considered it a disgraceful condition that men residing and earning their living in Strathcona cannot have admission to the station platform to transact their business. H. M. Potter of Edmonton has such a prohibitive right from the C.P.R. the matter should be remedied even if necessary to bring it before the railway commission. He moved that the railway committee of the council look into the matter with a view of having it settled, so that local men have rights on the transfer work. This was carried.

Alderman Vogel read a report on

improvements and repairs which have been completed at the city hospital. Alderman Radford reported that the request of M. Caines to be released from the contract of installing the intake pipe be granted. Report adopted. The city will now probably undertake the work by day labor.

Alderman Rankin reported that the tender of A. Joyce was the lowest received for delivering the Mill Creek bridge steel, the price being \$1.40 per ton. This tender was accepted.

### Talk Hospital Board.

Medical Health Officer Dr. Archibald reported on the case of diphtheria at Alberta College which necessitated the quarantining of the institution for a few days. No further outbreak has resulted.

Alderman Vogel's by-law to appoint a board of control for the city hospital out of the hospital committee was given the second reading. It is expected that Ald. Tipton will raise objection to this measure, holding that the council committee should not constitute the board.

Alderman Loughlin gave notice of a by-law to amend by-law 284 in respect to the dog license provisions.

Accounts order paid totalled \$2,856.26.

Alderman Pollard, who is still out of the city was the only absentee last night.

## MANY NEW FACES IN THE UNITED STATES SENATE

(Continued from First Page)

was defeated by George P. McLean, a former governor of Connecticut. Senator Burkett of Nebraska is succeeded by Gilbert M. Hitchcock at present a member of the house and the proprietor of a newspaper in Omaha.

Sensor Burrows, of Michigan, one of the veterans of the upper house, gives way to Charles E. Townsend, who has represented the Second Michigan district in the house for eight years.

Alvin Pondero, a newcomer in the field of national politics, is the choice of the Democrats of Ohio to succeed Senator Dick, Republican.

John D. Wores, the successor of Senator Flint, of California, is an able lawyer with many years of experience both at the bar and on the bench. Lucie Lea, who takes over the toga now worn by James B. Frazier of Tennessee, is a lawyer and newspaper publisher of Nashville and has never held public office before.

Sensor Hale of Maine is succeeded by Charles F. Johnson, a prominent lawyer, who has the distinction of being the first Democrat sent to the senate from the Pine Tree state since 1826.

J. E. Martine, the Democrat who succeeds Senator Keen of New Jersey, has never before held public office, though many times a candidate.

Sensor Money of Mississippi gives

way to John Sharp Williams, the former leader of the Democratic minority in the house.

Sensor Piles of Washington, is succeeded by Miles Poindexter, who has been one of the most conspicuous Republican insurgents in the house.

Sensor Warner of Missouri, gives way to James A. Reed, who made a reputation as Democratic "reformer" mayor of Kansas City some years ago.

W. A. Blount, a prominent lawyer of Pensacola, is slated to succeed Senator Taliaferro of Florida, who was not a candidate for re-election.

W. C. Chilton, the Democrat chosen to succeed Senator Scott of West Virginia, is a prominent lawyer and politician of Charleston. The West Virginia seat made vacant by the death of Senator Elkins, and now held temporarily by the son of the late senator, will be filled after March 4 by C. W. Watson, a wealthy coal operator.

The senators elected to succeed themselves are Clapp of Minnesota, Clark of Wyoming, Culberson of Texas, Duffell of Delaware, La Follette of Wisconsin, Lodge of Massachusetts, McCumber of North Dakota, Nixon of Nevada, Oliver of Pennsylvania, Page of Vermont, Rayner of Maryland, and Sutherland of Utah.

## POLICE COURT.

Violation of the provisions of the new market by-law gave rise to an action in the police court this morning when Geo. Middleton was charged with selling produce without having first paid the necessary fee. Middleton sold a load of hay on the market yesterday, and it is alleged, failed to pay the fee provided for in the by-law. The case was adjourned until Saturday.

For keeping a disorderly house at 280 Fraser Avenue, Annie Bell was fined \$50 and the costs of court.

Fred Houston, charged with being the keeper of a disorderly house on Kensington Avenue, went up for trial.

## CHAMPION TYPIST.

Miss Rose Fritz, champion typist, at a demonstration at the Grand Trunk Business college yesterday, came very close to beating her world's record, writing 60 words in one minute from familiar copy. Miss Fritz secured a 59 word record for other tests were equally successful.

This evening, at 8 o'clock, Miss Fritz will give a demonstration in the New Bijou theatre. Her demonstrations thus far have been attended by large crowds. General Manager Seeger of the United Type Writer Co., who has been accompanying Miss Fritz, but who was taken ill in Edmonton, will himself be on the platform this evening, to conduct the dictating.

## ROUND HOUSE WILL BE COMPLETED SOON

The round houses and station at the divisional point of Edson, 130 miles west of Edmonton on the G.T.P., will be completed early in the spring according to Jas. Collins, chief engineer for the May Construction Co., who have the contract for the work.

Mr. Collins reached the city from the west last evening, and is a guest at the Kiwanis. He states that progress on the round houses has been slow, owing to the extreme frost interfering with the concrete work.

## 30 Years of Success

A. Archibald Offers a Remedy for Catarrh. The Medicine Costs Nothing If It Fails.

When a medicine effects a successful treatment in a very large majority of cases, and when we offer that medicine on our own personal guarantee that it will cost the user nothing if it does not completely relieve catarrh, it is only reasonable that people should believe us at least put our claim to a practical test when we take all the risk. These are facts which we want the people to substantiate. We want them to try Rexall Muen-Tone, a medicine prepared from a prescription of a physician with whom catarrh was a specialty, and who has a record of thirty years of enviable success to his credit.

We receive more good reports about Rexall Muen-Tone than we do of all other catarrh remedies sold in our store, and it more people only knew what a thoroughly dependable remedy Rexall Muen-Tone is, it would be the only catarrh remedy we would have any demand for.

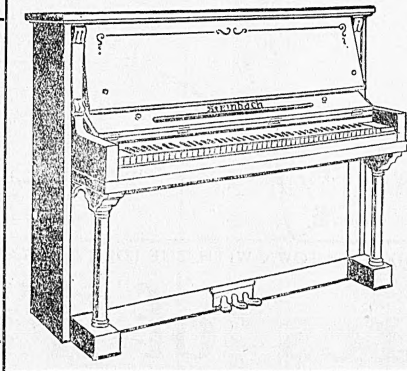

Rexall Muen-Tone is quickly absorbed and by its therapeutic effect tends to disintegrate and cleanse the entire mucous membrane tract, to destroy and remove the parasites which injure the mucous tissues, to soothe the irritation and heal the sores, stop the mucous discharge, build up strong, healthy tissue and relieve the blood and system of diseased matter. Its influence is toward stimulating the mucous cells, aiding digestion and improving nutrition until the whole body vibrates with healthy activity. In a comparatively short time it brings about a noticeable gain in weight, strength, good color and feeling of buoyancy.

We urge you to try Rexall Muen-Tone, beginning a treatment to-day. At any time you are not satisfied, simply come and let us and we will quickly return your money without question or quibble. We have Rexall Muen-Tone in two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Edmonton only at our store—The Rexall Store. A. Archibald.

# A Final Musical Opportunity

## New Arrivals

DURING the past 3 weeks we have made exhaustive announcements concerning our big Removal Sale of beautiful Pianos. The response was much greater than we anticipated and we were reducing our stock rapidly, thus making it easier to move into our New Warerooms. Then, however, fire, the evil genius, upset our plans, and we were obliged to remain where we were for two weeks longer. The result was that our new arrival of Upright Grand Pianos had to be delivered to our address instead of the new home. These instruments are to be sacrificed by us this week. TWENTY-EIGHT absolutely new Pianos must be sold before next Monday at huge reductions.

## Next Tuesday

WILL see us in our new home, comfortably settled, ready to see you and show you what an up-to-date Piano Wareroom really is. Our address will be

55 Jasper Avenue West

the old home of the Molsons Bank. When we get in there we most heartily extend an invitation to you to call in and see our stock—you will not be obliged to spend any money—just become acquainted with us and our Quality Pianos. The reduced prices will NOT be in force then, so allow us to suggest you make a great effort before this week ends, to select your Piano as you really need one and simply hesitate on the grounds of procrastination. Do not put off any longer—CALL IN TODAY.
